

Rail Workers

Hazardous Materials Training Program

Peer trainers dedicated to providing quality education & awareness of hazardous materials, empowering rail workers & communities.

Rail Hazmat Chemical/Emergency Response Training Programs

The Rail Workers Hazardous Materials Training Program is pleased to announce the following HazMat/Chemical Emergency Response Training Program. This training addresses OSHA and DOT required training in addition to procedures, different levels of response and worker protection in a hazardous materials emergency or release, weapons of mass destruction awareness and the incident command system. The training also provides completion of the OSHA 10-Hour General Industry Outreach requirements. The programs are delivered using interactive classroom instruction, small group activities, hands-on drills and a simulated hazmat response in full safety gear.

The Rail Workers Hazardous Materials Training Program is funded to provide this training by a federal grant from the National Institute of Environmental Health Sciences (NIEHS). This five-day hazmat training course will provide rail workers the essential knowledge, skills, and response actions in the case of an unintentional release. These tools will allow rail workers to protect themselves, their co-workers and their communities.

The funding provides the following student expenses: travel, lodging and meals. In addition, an incentive of \$175.00 per day is available to all training participants of these programs, except those who are able to secure regular pay through their employer, or are paid union officers.

To meet this training need, the Rail Program will conduct the 30-hour Chemical Emergency Response and OSHA 10-hour Awareness Training Program in Winslow, Arizona:

Wednesday-Sunday, April 10 – 14, 2019 – 8 a.m. to 5 p.m.

This class is open only to railroad employees in Arizona, Western New Mexico, Southeastern California, and the Navajo Nation. Attendees must drive personal vehicles as air travel is not available for this class.

Lodging is available for those attendees traveling from beyond 50 miles of the training facility.

LOCATION

Bojo's Grill and Sports Club
117 W. 2nd Street (Back Room)
Winslow, AZ 86047
