DISCIPLINE INCOME PROTECTION PROGRAM

The SMART Discipline Income Protection Program (DIPP) provides payment for a specific amount and period of time to an employee suspended, dismissed or removed from service by the carrier for alleged violation of rules or operating procedures, provided that such violations do not come within the list of exceptions not covered by the program.

SMART PROTECTS YOUR HEALTH & SAFETY

The SMART Transportation Division empowers members with UTUIA insurance, SMART Voluntary Short-Term Disability, BTAPS Assault Reporting, and Safety Reporting. Report assaults or unsafe conditions via the SMART app, Member Portal, QR codes, email, text, or in person. Your reports help local leadership act, support injury claims, and advocate for safer workplaces, while providing peace of mind through financial and personal safety benefits.
